

Under construction

LEAH VOSS/TREASURE COAST NEWSPAPERS

Construction crews continue dredging sand Monday from Sailfish Point to renourish Bath tub Reef Beach on South Hutchinson Island in Stuart. The project, directed by Martin County Coastal Engineering, will distribute sand across nearly 5,000 feet of coastline from Bath tub Reef Beach to Sailfish Point, and restore parking spaces at Bath tub Reef Beach. The project began in February and is more than halfway complete. Construction updates can be found at www.bath tub beach martin.com.
